

Dear Fellow,

Welcome to the March 2018 issue of the EDCTP-TDR newsletter and a big welcome to the new round of fellows, who will be introduced in this issue. We hope you enjoy this digest of our latest news and updates, It has been an exciting start to the year across The Network with the launch of new a new member area!

If you would like to contribute an article about your current placement, a presentation you have given, a publication you are involved in or any other information you would like to share with the group then please contact [training@theglobalhealthnetwork.org](mailto:training@theglobalhealthnetwork.org).

The Global Health Network team

## New member area on The Network

### Introducing...

This is the working space for the African coalition for Epidemic Research, Response and Training (ALERTT), a clinical research and response network for epidemic infections in sub-Saharan Africa.

This area aims to bring all the partners in ALERTT together so that knowledge can be shared and a plan for capacity development and training delivered through efforts within and between the sites, and online through this platform.

## Funding opportunities & calls for applications

Awards & Funding Opportunities:  
ASTMH Annual Meeting 2018

ASTMH members and non-members alike are eligible to apply, whether they're a qualified student, early career investigator or scientist actively working in the tropical medicine field. The Society especially encourages non-U.S. citizens from Africa, Asia and Latin America to apply.

ASTMH 67<sup>TH</sup> Annual Meeting will be held 28 October – 1 November 2018.
