

Dear Fellows,

Welcome to the January 2019 issue of the EDCTP-TDR Fellows newsletter. Firstly we would like to wish you a Happy new year. 2018 has been an exciting year across the Global Health Network with the launch of new member areas, training courses and meetings. We look forward to continuing to work with you all in 2019.

The Global Health Network Team.

New member area on The Network

NEW Global Birth Defects

A collection of guides and materials to assist with the diagnosis and surveillance of congenital anomalies for health research professionals working in birth defects surveillance...

BactiVac Network – 2nd annual meeting

Network Members based in an LMIC country are encouraged to apply for a travel bursary of up to £1,250 GBP to support travel costs relating to attendance at our 2nd Annual Network Meeting. To support the training development of our members, we are also hosting a Grant Writing Workshop in conjunction with the Annual Network Meeting. The Workshop will benefit researchers with little or no experience in writing proposals to UK funding bodies. Deadline **6 January 2019 12 midnight (GMT)**.

Re-entry grants

Now that many of the fellows are coming to the end of their placements around the globe, it has been a busy time preparing re-entry proposals. Dr Elizabeth Rapa has been talking to individual fellows to discuss their applications and develop ways to increase research capacity in home institutions. The proposals have a total budget of 22,000USD and should be prepared during the last quarter of the placement for implementation as soon as possible when returning to the home institution.

If you require any further help, or would like to discuss proposals with Elizabeth at TGHN then please email her at elizabeth.rapa@psych.ox.ac.uk

Funding opportunities

The UK Medical Research Council and the UK Department for International Development announce a further call for proposals for the prestigious African Research Leader awards.

Closing date: 9th April 2019

For more information and to apply please click [here](#).

If you would like to contribute an article about your current placement, a presentation you have given, a publication you are involved in or any other information you would like to share with the group then please contact training@theglobalhealthnetwork.org
